📄 Conversation Starter · June 16

Here is my phased reopening plan for anyone who would like to view it.

**Proposed plan as of June 15, 2020. These plans are subject to additional school and government information as it becomes available.**

**Position:**

It is the position of the Pen Argyl Area School Librarians that all library programming can and will be the point of success in serving our students and families during the COVID crisis. We are the only 3 experts in our field in the PAASD (technology experts, champions of equity and diversity, digital citizenship, and experts in curating top-notch educational resources to help support instruction) and played integral roles in supporting our colleagues, students and families during this unprecedented time. Data is telling us that library programs can and should safely continue. We know that books and resources can continue to be circulated in coherence with PDE and CDC guidelines. The following, detailed plan outlines the budget, space and health concerns and solutions to those critical issues currently at hand as specific to the library.

**What do we know?**

- Pen Argyl schools are the heart of the local community.
- Pen Argyl school libraries are where you find the pulse of the schools.
- Eliminating school library programs and certified school librarian positions

# Plainfield Elementary School Library Reopening Plan and COVID Response

Prepared by Kim Borden, Librarian

**Proposed plan as of June 15, 2020. These plans are subject to additional school and government information as it becomes available.**

**Position:**

It is the position of the Pen Argyl Area School Librarians that all library programming can and will be the point of success in serving our students and families during the COVID crisis. We are the only 3 experts in our field in the PAASD (technology experts, champions of equity and diversity, digital citizenship, and experts in curating top-notch educational resources to help support instruction) and played integral roles in supporting our colleagues, students and families during this unprecedented time. Data is telling us that library programs can and should safely continue. We know that books and resources can continue to be circulated in coherence with PDE and CDC guidelines. The following, detailed plan outlines the budget, space and health concerns and solutions to those critical issues currently at hand as specific to the library.

**What do we know?**

- Pen Argyl schools are the heart of the local community.
- Pen Argyl school libraries are where you find the pulse of the schools.
- Eliminating school library programs and certified school librarian positions deprive students of rich learning opportunities, jeopardize academic and reading achievement, and perpetuate educational inequities.
- Only when there is a trained and certified school librarian present are students taught essential inquiry and information literacy skills aligned to PA Core and Academic Standards, as outlined in the [Pennsylvania Library Model Curriculum](#).
- School librarians form relationships and connections with every single student and teacher who walks through the doors of that school.
- Library programming services **can** continue to be provided in a safe manner for both library staff and students following CDC, PA DOH guidelines and our locally developed Health & Safety Plan.

# Obstacles

	Description	Action
Sudden Closure	<ul style="list-style-type: none"><li>● Not prepared for virtual instruction</li><li>● Lack of PD and inconsistent instructional design K-3</li><li>● How do we hold students accountable? Grades? Attendance? Provide FAPE to students with IEPs?</li></ul>	<ul style="list-style-type: none"><li>● Crash course in PD (Zoom, Formative, Google Classroom)</li><li>● Plan how to streamline lesson delivery in the future</li><li>● Develop guidelines on how often to communicate with students. Pass/Fail with minimum percentage of work attempted</li></ul>
Access to Resources	<ul style="list-style-type: none"><li>● District is 1:1 for grades 3-12 only (3rd graders do not bring home chromebooks)</li><li>● 42% at or below poverty, many students do not have internet access or technology</li></ul>	<ul style="list-style-type: none"><li>● Scrambled to get chromebooks to kids</li><li>● Negotiated with local internet providers to provide service</li><li>● Used Families First to help pay family debts to service providers</li></ul>
Transfer of Knowledge	<ul style="list-style-type: none"><li>● What role does the librarian play in all of this?</li><li>● If this continues, how can I make sure I have a seat at the table when decision making time comes?</li></ul>	<ul style="list-style-type: none"><li>● Reactive mode</li><li>● Helped whoever I could help, however I could</li><li>● Continued to provide instruction</li><li>● Continued to provide support for teachers (digital library resources), technology assistance for faculty AND families</li><li>● Formulate a <u>reopening plan</u></li></ul>

# Reopening Plan: Considerations

- Position Statement that clearly aligns with vision, mission & values of your district
- Identify yourself as the subject expert
- Explain how YOU will be the success point for your families
- Become an expert in space, safety & budget asap
- Identify your liabilities & assets. Look for allies.
- Identify the space, safety & budget issues in your library and SOLVE these problems for your administrators

# Liz Doll

Wind Gap Middle School 4th - 8th Grade Librarian

Website: <https://www.penarylschooldistrict.org/penargyl/Wind%20Gap/Library/>

E-Mail: [doll.elizabeth@penarylsd.org](mailto:doll.elizabeth@penarylsd.org)

Twitter: @DollLibrarian

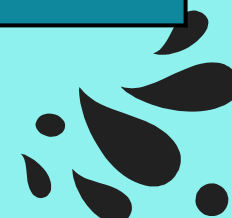

# LEARNING ENVIRONMENT SPRING 2020

<u>Challenges</u>	<u>Advantages</u>
<ul style="list-style-type: none"><li>● Lack of warning. We learned we were closing at 3:00 on March 13th as we were leaving for the day</li><li>● Teachers were NOT allowed back in the building to get supplies needed for online teaching.</li><li>● Equitable wifi access for students.</li><li>● Troubleshooting technology issues remotely.</li></ul>	<ul style="list-style-type: none"><li>● 1:1 Chromebooks for ALL students, and approximately 70% of students already participated in our Take-Home program.</li><li>● Teachers and students were already familiar with Google Classroom.</li></ul>

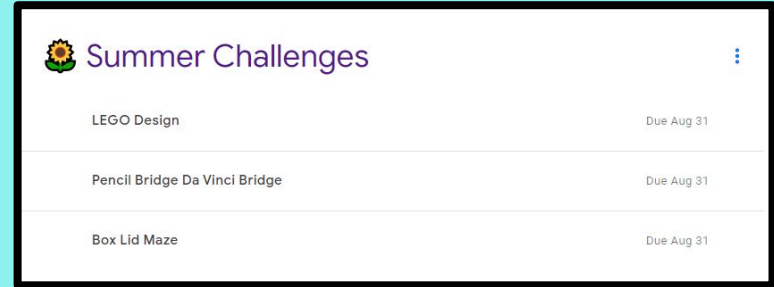

# MOVING FORWARD

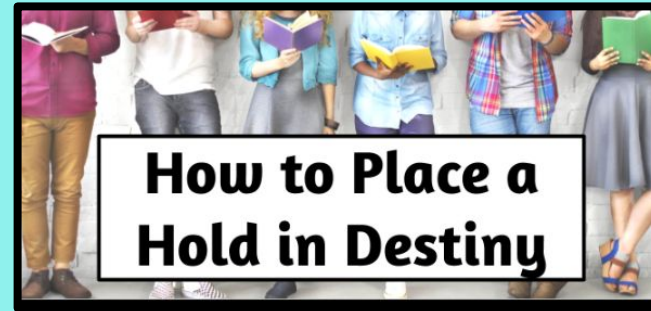

- ❑ Re-opening plans are an excellent marketing tool for your library. Use the opportunity to remind administration and teachers what you offer!
- ❑ Look at all the services you offer in the library, and determine how you can continue to offer those same services while abiding by best health guidelines.
- ❑ Administrators have enough on their plates right now, determine your own best solutions.

❑ [See my full plan here!](#)

**Named after my ancestor**

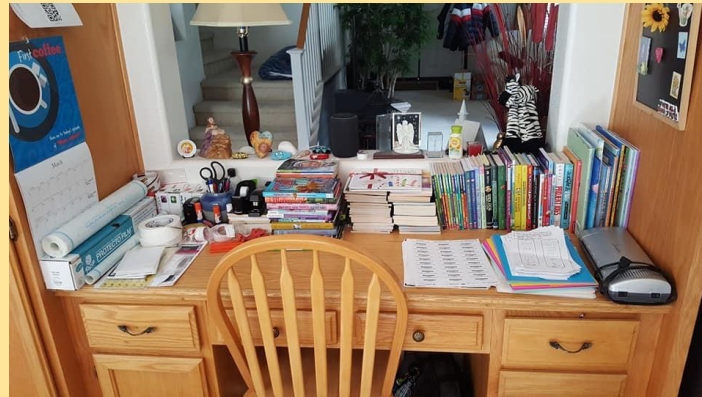

# School Closed March 13 (Supposedly for 3 Weeks)

- Quick pack up
- Back for more
- Working from home
- Learning Padlet
- Learning to Zoom
- Back to collect textbooks and prepare Library
- 25 Textbooks and 363 Library books still out

Library moves to Padlet

<https://padlet.com/maneemary362/x7anlgujonr>

# 2020/2021 School Year

## Library Proposal

- Be proactive - propose ideas
- Offer how you can help either in person or virtually.
- Schedule Zoom read alouds
- Make a padlet of stories, links, messages or a Google or Bitmoji room.
- Mentally go through Library day.
- How would you address each thing to make the Library experience safe?
- Look how Library schedule can be tweaked to allow extra time for cleaning books and areas.

## Ideas

- Hand sanitizer station at door
- Sit Spots socially distanced
- No shelf markers
- No students behind counter/helpers
- Scanner put in stand
- Type in student name or number yourself
- Student holds books under scanner to check in/out
- Books quarantined 48-72 hours
- Books wiped down

Be a problem solver.

Be proactive.

Now is the time to show what you can do and how you can help.

Bitmoji tutorials are readily available on Youtube. They are a fun, interactive way to get information out to your staff, students and families.

# A CROSSWALK

between

School Librarian Evaluation Instrument & Future Ready Librarians Framework™ & ISTE Standards for Educators

[HTTPS://WWW.GLMА-INC.ORG/SLEI](https://www.gлма-inc.org/slei)

<https://www.gлма-inc.org/slei>

### School Librarian Evaluation Instrument

#### Standard 1: Instructional Partnership

The school library media specialist **collaboratively plans instruction and develops the library media program** using state and district curricula and standards, instructional calendars, effective strategies, resources, and data to **support teachers and address the differentiated needs of all students.**

#### Future Ready Librarians Framework

##### Collaborative Leadership

Leads Beyond the Library

- Participates in setting the district's vision and strategic plan for digital learning and **fosters a culture of collaboration and innovation to empower teachers and learners.**

##### Curriculum, Instruction, and Assessment

Curates Digital Resources and Tools

- Leads in the **selection, integration, organization, and sharing of digital resources and tools to support transformational teaching and learning** and develop the digital curation skills of others.

##### Builds Instructional Partnerships

- Partners with educators to **design and implement evidence-based curricula and assessments** that integrate elements of peer learning, critical thinking, information literacy, digital citizenship, creativity, innovation and the active use of technology.

##### Empowers Students as Creators

- Encourages and facilitates students to become increasingly self-directed as they create digital products of their learning** that engage them in critical thinking, collaboration and authentic, real-world problem solving.

##### Personalized Professional Learning

Facilitates Professional Learning

- Leads **professional learning to cultivate broader understanding of the skills that comprise success in a digital age** (e.g., critical thinking, information literacy, digital citizenship, technology competencies, etc.)

##### Community Partnerships

Cultivates Community Partnerships

- Leverages an understanding of school and community needs to identify and invest in digital resources** such as books and eBooks to support student learning.

##### Literacy

Inspires and supports the reading lives of both students and teachers

- Creates inclusive collections that acknowledge and celebrate diverse experiences and provide instructional opportunities to empower learners as effective users and creators of information and ideas.**

#### ISTE Standards for Educators

##### Learner

Educators continually improve their practice by learning from and with others and exploring proven and promising practices that leverage technology to improve student learning. Educators:

- Pursue professional interests by creating and actively participating in **local and global learning networks.**
- Stay current with research that **supports improved student learning outcomes**, including findings from the learning sciences.

##### Leader

Educators seek out opportunities for leadership to support student empowerment and success and to improve teaching and learning. Educators:

- Shape, advance and accelerate a **shared vision for empowered learning with technology** by engaging with education stakeholders.

##### Collaborator

Educators dedicate time to collaborate with both colleagues and students to improve practice, discover and share resources and ideas, and solve problems. Educators:

- Dedicate **planning time to collaborate with colleagues** to create authentic learning experiences that leverage technology.

##### Designer

Educators design authentic, learner-driven activities and environments that recognize and accommodate learner variability. Educators:

- Use technology to create, adapt and personalize learning experiences that **foster independent learning** and accommodate learner differences and needs.
- Design authentic learning activities** that align with content area standards and use digital tools and resources to maximize active, deep learning.

##### Analyst

Educators understand and use data to drive their instruction and support students in achieving their learning goals. Educators:

- Provide alternative ways for students to demonstrate competency and reflect** on their learning using technology.
- Use technology to design and implement a variety of formative and summative assessments** that accommodate learner needs, provide timely feedback to students and inform instruction.
- Use assessment data to guide progress and communicate with students, parents and education stakeholders** to build student self-direction.

## Translation of Practice

The 10 standards of the School Librarian Evaluation Instrument (SLEI) have been translated to specific practices and examples of how library media specialists support students and teachers during digital learning days.

SLEI STANDARD

SCHOOL-BUILDING PRACTICES

DIGITAL LEARNING DAYS PRACTICES

DIGITAL LEARNING DAYS EXAMPLES

1

Instructional Partnership

#### The library media specialist:

- Meets with teachers and administrators on a regular basis to collaboratively develop plans that are clear, logical, sequential, and integrated.
- Collaborates with teachers to provide flexible, consistent, and personalized approaches to academic content that align and connect the research process and information literacy skills to state and/or local standards and student needs.
- Assesses student understanding and progress throughout learning activities by asking questions, observing works-in-progress, evaluating artifacts of learning, and communicating with teachers.
- Chooses and recommends print and online resources that support instruction and the identified needs of diverse learners.

#### The library media specialist:

- Regularly collaborates with teacher teams, administrative staff, and professional learning communities using a video conferencing platform to provide instructional support and digital lesson ideas.
- Regularly collaborates online with individual teachers to provide personalized support for digital learning.
- Attends class meetings to provide additional instructional expertise and digital support to teachers and students.
- Reaches out to teacher team leaders to participate in digital meetings and collaborate on digital lessons, school-wide literacy goals, and best practices.
- Provides online resources to teachers that align and connect the research process and information literacy skills to curriculum standards and student needs.
- Creates online lessons in a wide variety of engaging digital platforms for teachers to provide online assessments and student growth measures.
- Collaborates with other library media specialists regularly to discuss instructional practices and share ideas and resources.

#### The library media specialist:

- Examines grade level standards, instructional planning documents, and pacing guides in order to collaborate with teachers on engaging, relevant digital plans and resources.
- Provides best practices and troubleshooting support for online meetings through platforms such as Microsoft Teams or Google Meet.
- Curates GALILEO resources to find grade-level appropriate content to support teacher instruction and digital learning; provides instruction in large and small group settings.
- Create new lessons or curates existing lessons on platforms such as Discovery Education or Nearpod to share and develop with teachers.
- Supports digital learning by recommending and teaching tools, such as Screencast-o-matic or Screencastify, to create step-by-step instructions in a video format.
- Partners with teachers to curate and promote an engaging collection of e-books and e-audiobooks.
- Supports teachers and students with troubleshooting needs for online learning platforms and digital learning tools.

# AMMS PLAN OF ACTION

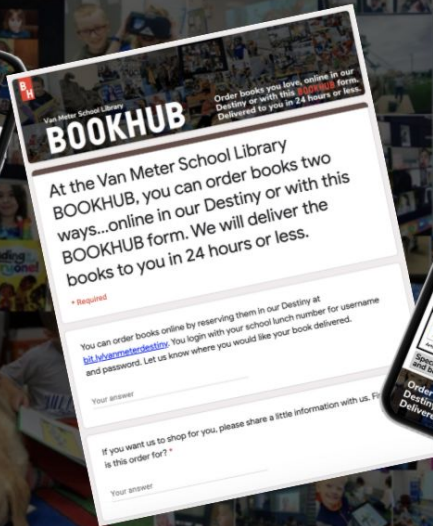

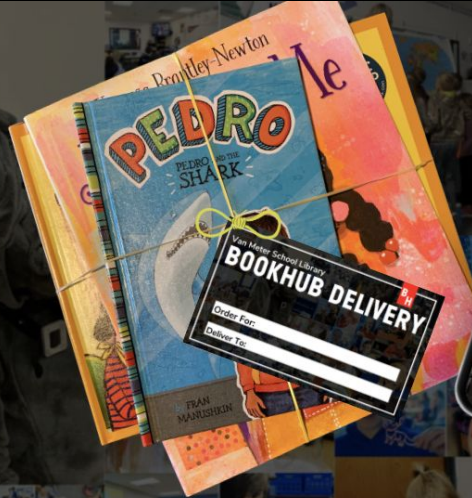

- 100% virtual instruction for the foreseeable future
- Devices for 500 rising 6th graders
- Virtual Office Hours for Help Desk w/ SWAT Team
- Continue with what worked in the spring
- Incorporate GLMA's Translation of Practice in Goals
- Collaborating with teachers
- More connection time
- Requesting physical books - Pick up on Fridays

Hi friends,

**What is the best way we can organize this? How should we keep a schedule? What would be easy for all of us to keep track of and manage?**

- Google Sheet with names, location, time zone? (And zoom or meet link)
- Would a Google Calendar work if we shared it with everyone?

Let's share our comments and ideas here to come up with something super awesome for our GLOBAL LIVE Virtual Pop-In Storytimes?

Thank you. <3

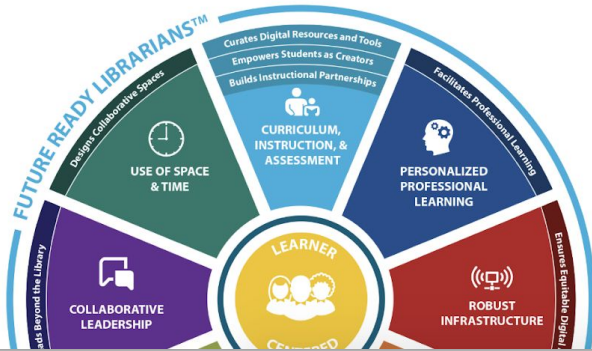

FUTURE READY

*A few important things to share!*

# Future Ready Librarians™

## Unleashing the instructional leadership of librarians to foster schools that are future ready

As schools seek to become future ready, it is necessary to identify and cultivate leadership beyond district and building leaders. School librarians lead, teach, and support the Future Ready goals of their school and district in a variety of ways through their professional practices, programs, and spaces. If properly prepared and supported, school librarians are well-positioned to be at the leading edge of the digital transformation of learning.

Future Ready Librarians® is an expansion of the Future Ready Schools® initiative aimed at raising awareness among district and school leaders about the valuable role librarians can play in supporting the Future Ready goals of their school and district. Two guiding questions are central to Future Ready Librarians®:

## Let's Talk: A Conversation Starter for Future Ready Librarians® Building Collaborative Relationships

FUTURE READY  
SCHOOLS

FUTURE READY  
LIBRARIANS

### CONVERSATION STARTER

*This step-by-step guide is designed to help librarians start and sustain strategic conversations with school and district leaders.*

Future Ready Librarians® lead beyond the library, collaborating not only with teacher colleagues but also with building and district leaders to prepare future ready learners. Creating exciting and dynamic opportunities for future ready learners requires shared leadership among school leaders, including librarians, instructional coaches, principals, IT leaders, and district administration.

Whether you are just getting started or trying to take the next step in your strategic collaborations, this step-by-step guide provides simple processes and curated resources that can help you examine your current situation, inspire creative thinking, build new partnerships, and then collectively develop a collaborative plan for your students and teachers.

#### Let's Get Started

Make a copy of our [Reflection Guide](#) to use throughout this experience to collect your responses to questions and great ideas.

#### The Current Conversation:

##### *Librarians As Leaders During the Pandemic*

The sudden closure of schools and the transition to digital and remote learning have turned education upside down. While this guide was designed before the pandemic, the opportunity for librarians to strategically partner and collaborate with building and district leaders has never been more critical. Recognizing that new challenges, questions, and opportunities have emerged for librarians to lead, teach, and support schools, we have updated the resource and include these Current Conversation sidebars to help you find success in starting (or sustaining) conversations with building and district leaders.

#### Essential Questions and Conversations

Article  
<http://futureready.org/program-overview/librarians/>

An essential component to becoming Future Ready, is making a digital learning plan before purchasing technology. The Interactive Planning Dashboard offers districts a five-step collaborative planning process. Upon completion, districts have a complete digital learning implementation plan, full of research-based strategies, including

I wanted to say WELCOME to all of our new Future Ready Librarians Facebook members. After our webinar today I looked and we had over 160 within one hour. That is awesome!

I love how we are counting on each other...sharing, caring, learning and reaching out during this time.

I am so proud of all of you. You are making a difference. Big hugs! ❤️
